

EBERHART LEADS  
ON FIRST CHOICEMinnesota Governor Apparently  
Secures Renomination.

RETURNS ARE VERY MEAGER

Reports From All Parts of the State  
Indicate Second Choice Provision of  
New Law Caused Considerable Con-  
fusion—Nelson Leading for Senator  
Ringdal May Be Democratic Nomi-  
nee for Governor.St. Paul, Sept. 18.—Meager returns  
received from a number of scattering  
precincts throughout the state indi-  
cate that A. O. Eberhart will be re-  
nominated for governor on the Re-  
publican ticket, but only by the use  
of the second choice provision.The governor is leading in practical-  
ly every precinct heard from, but only  
a few of them does he have a clear  
majority. Apparently not enough  
voters cast a second choice to change  
the result materially.Young and Lee are running close to-  
gether for second place, while Gordon  
and Spooner are running far behind  
with Falk last.Returns have been received from  
only a few precincts on United States  
senator, but in those received Knute  
Nelson leads in all except one and if  
he same ratio is kept up his vote will  
be about three to two against Peter-  
son, his opponent.James Manahan probably will be  
the nominee for congressman at large.  
P. M. Eddy has run ahead of him in  
some places and W. H. Eustis in some  
places, but their strength seems to be  
cattered. L. O. Thorpe apparently  
will run fourth and C. F. Dehn fifth.On the balance of the state ticket  
returns are very meager. J. A. A. Burn  
will undoubtedly be nominated for  
lieutenant governor over D. M.  
Jell. The early returns give Julius  
Schmahl the best of it, with G. H.  
Lattson a good second and J. H. Ege  
getting only a few votes for secretary  
of state.

Railroad Commissioner Close.

E. H. Canfield and I. B. Mills are  
running close for the long term as rail-  
road commissioner and C. E. Elmqvist  
apparently has a safe lead over J. F.  
Jensenwald. The returns so far do not  
show whether L. D. Smith or Thomas  
Raser is nominated for attorney gen-  
eral.On the Democratic ticket there are  
only a few scattering returns. P. M.  
Ringdal undoubtedly will be nominat-  
ed by a large vote over C. M. Andrist  
or governor. On the other candidates  
or Democratic nominations there are  
no figures available, but the Demo-  
cratic vote was not large.Reports from all parts of the state  
indicate that the new second choice  
law caused no end of confusion. In  
some places the judges were delayed  
long to study out how to figure the  
law. In other places they went ahead  
and figured it wrong. Some added up  
the second choice votes each candi-  
date received.The confusion over the second choice  
provision was not confined to the  
edges. The voters apparently were  
fuzzled over the new scheme and less  
than a fourth of them, it is believed,  
called themselves of the privilege.Meager returns from congressional  
districts over the state indicate that  
the Republican members of con-  
gress from Minnesota have been re-  
nominated. Excepting in the Fourth  
district, where the tabulation of re-  
turns was hurried, the result in most  
stances is yet in doubt. In several  
of the outlying districts candidates  
have up attempts to learn the results  
of their fights early, closed headquar-  
ters and went home.

## NEW YORK HOLDS PRIMARIES

New York, Sept. 18.—The new direct  
primary law, given its first real test of  
roughout the state, brought out com-  
paratively few contests. Voters cast  
their ballots for delegates to the con-  
gress state conventions and for the vari-  
ous candidates designated for nomina-  
tion by party committees. Congres-  
sional, senate and assembly nomina-  
tions were made, as well as those for  
city, village and county offices.In this city the only congressional  
contest was in the Third district, where  
Dr. Frank E. Wilson, the present  
congressman, won a renomination  
the Democratic ticket over Francis  
Bent.

## SUICIDE FOLLOWS CHARGES

Prominent Baltimore Business Man  
Kills Himself.Baltimore, Sept. 18.—George C.  
Morrison, president of the Title Guar-  
antee and Trust company of this city,  
committed suicide in one of the pri-  
vate rooms of the Baltimore Athletic  
club. The report to the police says  
that Mr. Morrison ended his life with  
a gas, which he inhaled through a tube.  
The suicide of Mr. Morrison came  
within a few days of accusations made  
by Governor Goldsborough that Mr.  
Morrison and other leaders of the busi-  
ness and social life of Hartford county  
made misrepresentations concern-  
ing the Hartford county racing bill.COLONEL WHIRLS

## APPEALS DIRECT TO DEMOCRATS

Roosevelt Urges Members of Dominant  
Party of the South to Stand With the  
New Organization and Asks Sup-  
port on the Strength of His Record  
as President and the Promises of  
His Platform.Phoenix, Ariz., Sept. 18.—Across the  
sun baked plains of Arizona, Colonel  
Roosevelt was whirling on his way  
eastward after his trip through the  
Northwest and down the Pacific coast.  
In mid-afternoon the thermometer  
registered 105 degrees. From the car  
window Colonel Roosevelt saw a soli-  
tary man standing on a pile of wood  
with a flag in his hand. He was the  
only human being in sight. The lone  
man waved his flag as the train  
whizzed by and Colonel Roosevelt  
waved back at him. The scene was it  
sharp contrast to the thronged cities  
of California which the colonel had  
just left behind.Colonel Roosevelt expected to make  
one speech in Arizona, that in Phoenix.  
The Arizona Progressive committee  
protested and offered to take him on a  
special train to Tucson and bring him  
on to Phoenix on time. He consented  
and the committee kept its promise.  
In coming to Arizona Colonel Roose-  
velt entered the first of the states ac-  
counted solidly Democratic to which  
he has carried his fight for the Pro-  
gressive party.He appealed to the Democrats of the  
South to stand with the new party and  
asked for support on the strength of  
what he had done as president and  
what the Progressive party purposed  
to do, for the reclamation of arid lands  
such as are found in this state.  
At Phoenix Colonel Roosevelt was  
welcomed by Governor Hunt, two com-  
panies of the state militia, a brass  
band and a large crowd.Militia Escorts Roosevelt.  
He spoke in the ball park, driving  
through the streets decorated with  
flags and banners preceded by the  
militia which Governor Hunt had or-  
dered out for an escort."I felt that I must come to Arizona,"  
he said, "for it was from this state  
that part of my regiment came, and I  
feel that Arizona has set a pace which  
might well be followed elsewhere in  
framing its constitution.""I am glad to see the men who are  
taking the lead in the Progressive  
fight in Arizona. This is a truly na-  
tional and not a sectional party. Men  
who wore the gray as well as those  
who wore the blue are joining with  
us.""What about Bill Flinn of Pitts-  
burg?" a man in the crowd called out.  
"A boss whose action is to put the  
people into supreme power over him-  
self and other bosses is not much of a  
boss," Colonel Roosevelt retorted.The colonel referred to President  
Taft's opposition to the provision in  
the Arizona constitution for the recall  
of judges, saying that he preferred the  
recall of judicial decisions to the re-  
call of judges."In Arizona," he continued, "the peo-  
ple did not agree with me. You want-  
ed the provision for the recall of  
judges in your constitution and when  
I saw that you did I championed that  
cause, because I thought you knew  
what you wanted and that people in  
New York or Ohio should not say  
what your constitution should pro-  
vide. Our opponents—President Taft,  
Senator Bailey of Texas and others—  
both Republican and Democratic, took  
the opposite view."

## LESLIE KINNARD IN PRISON

Former Minneapolis Lawyer Pleads  
Guilty to Forgery.Livingston, Mont., Sept. 18.—Leslie  
Kinnard, aged thirty-four, a graduate  
of the University of Michigan law  
school, class '03, former special coun-  
sel for a railroad in Minneapolis,  
pleaded guilty here to forgery and was  
sentenced to serve eighteen months in  
the state prison.Frank L. Morrison, a Minneapolis  
lawyer, made a fruitless effort to keep  
his friend from behind the bars.Kinnard was a well known attorney  
in Minnesota at one time and three  
years ago was a special feature writer  
on Pacific coast newspapers. He has  
a wife and baby in Los Angeles whom  
he intends to support while in prison  
by writing for magazines.

## President Taft's Cousin Dies.

Bay City, Mich., Sept. 18.—Jared M.  
Snyder, a prominent citizen of this  
city, died suddenly from apoplexy.  
Snyder was a second cousin of Presi-  
dent Taft and his widow is a first  
cousin of Governor Woodrow Wilson.

## Thirteen Killed in Wreck.

Liverpool, Sept. 18.—Thirteen per-  
sons were killed and fifty injured by  
the derauling of the express from  
Chester to Liverpool at Ditton Juno-  
tion, eight miles from Liverpool.

## SEES COLONEL ON NANCY BRIG

Marshall Says He Only Boasts of De-  
stroying Bosses.Hannibal, Mo., Sept. 18.—In his  
speech here Governor Thomas R. Mar-  
shall declared that the hope of even-  
tually ending the rule of the political  
bosses lies not with the Progressive  
or Republican parties, but in the suc-  
cess of the Democratic national ticket  
in November.He said the Progressive party candi-  
date for president boasts of being a  
destroyer of bosses, but likened him to  
the sailor of the Nancy Brig of the fa-  
mous ballad.BRYAN DENOUNCES  
THIRD TERM IDEASays Roosevelt Is an Eleventh  
Hour Progressive.Pueblo, Colo., Sept. 18.—William J.  
Bryan finished his brief Colorado cam-  
paign with an address at the state fair  
here, boarding his train for Montana,  
Utah and the Pacific coast.Throughout his Colorado speeches  
Bryan laid particular stress upon what  
he called the necessity of checking the  
third term idea fostered by Colonel  
Roosevelt.He denounced the former president  
more severely than he denounced Taft  
and in his Colorado Springs address  
said:"A year ago Roosevelt never raised  
a hand to help La Follette in his fight  
with Taft and La Follette is a thou-  
sand times a better reformer than  
Roosevelt ever was. Roosevelt is an  
eleventh hour progressive—hardly  
that, for he did not do as they did in  
the biblical parable, come at the  
eleventh hour and call for a penny. In-  
stead of that he comes at five minutes  
of 12 and asks for the whole thing."

## QUIET PREVAILS AT DULUTH

Rioting Ceases and More Cars Are in  
Operation.Duluth, Sept. 18.—The street car  
situation here remains about un-  
changed, except that more cars are  
running and more people were patron-  
izing them. Railroads have taken off  
their accommodation trains. No disor-  
der was reported.Manager Warren of the car com-  
pany said:"Everything is coming our way.  
Four more men have left the ranks of  
the strikers and have returned to work."Striking carmen deny these asser-  
tions, claiming that the men so far  
returned to work are not members of  
their union.The company has waived an old  
rule which did not allow the rehiring  
of men who were discharged for trivial  
offenses prior to the strike. All such  
men may now return to work.

## FAVOR INCOME TAX REPEAL

Wisconsin Democrats Adopt Platform  
at Madison.Madison, Wis., Sept. 18.—After a  
five-hour debate the Democratic plat-  
form convention adopted a platform  
and elected Paul Hemmy of Milwau-  
kee chairman of the state central com-  
mittee.The platform adopted yields ground  
on two important planks adopted at  
the state convention in Milwaukee in  
July. It pledges the repeal of the in-  
come tax law and cuts out of the ear-  
lier platform the declaration against  
water power franchises in perpetuity.THE GOVERNMENT

## EVERY CARRIER MUST HAVE ONE

Also Every Postoffice—Senator Cham-  
berlain's Opinion of the Panama Can-  
anal Discussion—No Models of Mod-  
ern Battleships Now to Be Seen in  
the Navy Department.

By ARTHUR W. DUNN.

Washington, Sept. 18.—[Special.]—  
Have you any scales—not fish scales,  
but a real nice little scales that post-  
masters can use to weigh parcels post  
packages? Every rural carrier wants  
a scales, so does every postoffice. How  
can the carrier tell the farmer how  
much postage he must pay unless he  
weighs his package? The big scales  
factories were not able to meet the  
demand for scales, as about 100,000  
were needed to start things going  
right. It will be several months, how-  
ever, before things are starting on parcels  
post.

Wanted Action.

Senator Chamberlain of Oregon re-  
mained in Washington long after con-  
gress adjourned. He watched with  
considerable interest the discussion of  
the recent canal legislation and ex-  
pressed the opinion that he thought it  
all might be stopped by having a defi-  
nite declaration by the president or  
through the state department.He said that a definite statement to  
the effect that the canal, being an  
American property, built through terri-  
tory which we controlled, its manage-  
ment would be under American con-  
trol and attempted interference with  
the management would be regarded as  
an unfriendly act, would settle once  
and for all the discussion over our  
rights. Chamberlain wanted direct and  
positive action.

## No Battleship Models.

The time was when one could go into  
the navy department and see a model  
of all the battleships as they were  
built. But there are no models now.  
We can see no miniature Utahs, Flori-  
das, Mississippis or Wyomings. The  
old craft remain. There is the Colum-  
bia, a cruiser that was to be a verifi-  
cable greyhound, but which turned out  
to be a coal consumer only.The old Brooklyn—do you remember  
her?—Admiral Schley's flagship, is  
there and also the Kearsarge, the only  
battleship which does not have a state  
name, the title bestowed in memory of  
the gallant old ship of the civil war  
which finally pounded herself to pieces  
on Roncador reef, in the Caribbean. A  
few of the old ones, but none of the  
new ships, are shown in the models.

## Revolutionists Protest.

The Mexican revolutionists protest  
against the action of our state depart-  
ment in unduly favoring the forces of  
Madero as against the insurgents under  
Orozco. But there is nothing new in  
that. Senator Fall of New Mexico,  
who never did like the Madero crowd,  
protested vigorously in the senate  
against the policy of the state depart-  
ment, but it had no effect. It has been  
evident since the present administra-  
tion came into power that it intended  
to support as far as practicable the  
de facto governments and oppose  
revolutionists and insurgents in the  
central and southern republics.

## Daughters Will Help.

The Daughters of the American  
Revolution having been quite success-  
ful in a number of undertakings be-  
fore congress have determined to dip  
into the immigration problem and try  
to secure a more restrictive law than  
at present. These daughters can  
bring quite a lot of pressure to bear,  
but it may well be doubted whether  
they can have any influence against  
the votes of the people who want  
more immigrants.One thing has become plainly ap-  
parent—if there is nothing done soon  
in the way of immigration restriction  
the possibilities of changing the laws  
will become more and more remote,  
as the foreign born population and  
their descendants are constantly  
growing.

## Indian Brotherhood.

It is certainly worth a passing no-  
tice that the time has arrived when  
a man can introduce a bill in the Uni-  
ted States senate to incorporate the  
Brotherhood of North American Indi-  
ans and include his own name in the  
list of persons eligible. Senator Owen  
of Oklahoma has done this. Senator  
Curtis of Kansas could have done so,  
and Congressman Carter of Oklahoma  
could have introduced such a bill in  
the house. The names in Owen's bill  
are about half Indian, but all of the  
persons have Indian blood.

## The Ultimate Consumer.

At one stage of the tariff bill debate  
Congressman Austin of Tennessee said,  
"Tell us what has become of the ulti-  
mate consumer.""The ultimate consumer has been  
lost since Mr. Boutwell went to Switzer-  
land," replied Jim Mann.When Boutwell was in congress he  
harped very much about the ultimate  
consumer in considering tariff legis-  
lation. When he was defeated for con-  
gress President Taft made him a  
foreign minister.

## WIDER FREE MAIL DELIVERY

Hitchcock to Establish Service in  
Small Communities.Washington, Sept. 18.—Postmaster  
General Hitchcock is preparing to es-  
tablish a limited free delivery service  
at postoffices of the second and third  
class. The experiments will effect de-  
liveries to nearly 30,000,000 persons  
now obliged to call at the local post  
offices for their mail.An appropriation of \$100,000 was  
made by congress for experimental  
free delivery in small communities  
the amount to be expended at any one  
office not to exceed \$1,800 a year.Delivery by carrier is confined now  
to cities having a population of 10,000  
or more, or annual postal receipts of  
at least \$10,000.ASSERTS HARVESTER  
PROFITS ARE SMALLPresident Says Trust Made Only  
\$150,000 Last Year.Chicago Sept. 18.—Although it sold  
\$100,000,000 worth of farm implements  
the International Harvester company  
of America last year made only \$150,-  
000 in profits, or fifteen hundredths  
of 1 per cent, according to R. C. Haskins,  
the president, who testified before a  
special examiner in the government's  
suit to dissolve the corporation under  
the Sherman anti-trust law.Questions were asked by the govern-  
ment's attorneys to show that the In-  
ternational Harvester company of  
America was merely the selling agent  
of the International Harvester com-  
pany of New Jersey and that the lat-  
ter company was to make all the  
money."Is it not your object to buy from  
the New Jersey corporation at such  
a price as will have neither a loss  
nor a profit?" asked Edwin P. Gros-  
venor, special assistant attorney gen-  
eral."Our object is to buy as cheaply as  
we can and to make as much as pos-  
sible. We try to buy from the New  
Jersey company at prices we would  
get from any other company," replied  
Mr. Haskins."But you never have paid a divi-  
dend."

"No, we never have."

## WILL HEAR THE MOORE CASE

Seattle Judge Decides He Has Juris-  
diction of Suit.Seattle, Wash., Sept. 18.—Judge R.  
B. Albertson of the King county su-  
perior court has decided that he has  
jurisdiction in the suit brought by  
James A. Moore, promoter of the  
Western Steel corporation, against the  
Metropolitan Trust company of New  
York. He denied the motion of  
Moore's attorney to remand the case  
to the Jefferson county court where  
the suit first was brought.The court gave Moore ten days to  
answer the affidavit filed by the trust  
company Saturday, in which Moore is  
charged with engaging the services of  
Leslie M. Shaw, former secretary of  
the treasury, to obtain a loan of \$600,-  
000 from the Metropolitan Trust com-  
pany.

## Robbers Get Less Than \$100.

Chattanooga, Tenn., Sept. 18.—The  
two bandits who held up Southern  
passenger train No. 25 near Steven-  
son, Ala., got less than \$100, accord-  
ing to best estimates available. They  
took nothing but registered mail and  
did not search the four mail clerks  
in the car who had \$400 in their pockets.

## WOMAN CLEARED OF MURDER

White Wife of Negro Fourth Acquit-  
ted in Year in Chicago.Chicago, Sept. 18.—For the fourth  
time within a year a jury in the crimi-  
nal court of Cook county declined to  
return a verdict of guilty against a  
woman accused of murder. Mrs.  
Elizabeth Buchanan, twenty-four years  
old, was found not guilty of the murder  
of Josie Rice, a negro.Mrs. Rice was shot and killed May  
8. Mrs. Buchanan, white wife of a ne-

## BITTER FIGHT ON HOME RULE

Series of Big Orange Demonstrations  
Planned.Belfast, Sept. 18.—A ten-days' series  
of big Orange demonstrations against  
home rule will begin today with a  
meeting at Enniskillen where it is  
expected 15,000 Protestants will for-  
mally warn the government of the de-  
termination never to acknowledge an  
Irish parliament, to obey its laws, or  
to pay taxes which it may impose.Other meetings will follow else-  
where throughout the north.That the demonstrations will result  
in widespread disorders is considered  
more than likely.In Belfast manufacturing is largely  
stayed up by the incessant fighting be-  
tween the Catholic and Protestant  
workmen. Dozens were badly hurt.

## GIVEN TEN-YEAR SENTENCE

Youthful Bookkeeper Who Embezzled  
\$150,000.Los Angeles, Sept. 18.—Earl Stand-  
ard, the youthful bookkeeper of the  
American National bank of Pomona,  
whose accounts were found to be  
\$150,000 short, pleaded guilty to em-  
bezzlement in the United States court  
here and was sentenced to ten years'  
imprisonment.Standard claimed that all of the  
money he had taken had been so in-  
vested that it would bring a return of  
three times the amount.Government agents, however, re-  
ported his investments would bring  
only a few thousand dollars.

## Aviator Ascends 18,372 Feet.

Villacoublay, France, Sept. 18.—  
George Legagneux, a French aviator,  
established a new world's record for  
altitude here, his machine attaining a  
height of 5,600 meters (18,372 feet).  
The previous holder of the world's  
altitude record was Roland G. Garros,  
who on Sept. 6 ascended in a mono-  
plane at Hougaire, France, and reached  
a height of 16,240 feet.

## SPEAKS WELL OF DR. WILEY

Democratic Presidential Nominee Sup-  
ports Former Pure Food Expert in  
His Controversy Over Enforcement  
of Laws and Then Gives an Illus-  
tration of Why He Opposes So Called  
Expert Commissions.Sioux City, Ia., Sept. 18.—Firm sup-  
port for Dr. Harvey W. Wiley in his  
controversy over the enforcement of  
the pure food laws of the country  
stood out prominently in a speech by  
Governor Woodrow Wilson at the la-  
ter state fair here.The Democratic candidate drew at-  
tention to what he conceived to be the  
ineffectuality of boards of experts, such  
as the board of chemists under the ad-  
ministration of President Roosevelt.  
He said it was an illustration of his  
objection to a commission or board of  
experts to handle either the tariff or  
the trust problems of the day. The  
governor had an immense audience.

The best place to hide money is where they have vaults for safely protecting it. Every week we see new paper accounts of people having been robbed. Sugar bowls, rag-bags, under the carpet, behind pictures, and all of those other places where people conceal their money, are well known to burglars. Hide it in OUR BANK, then you know you can get it when you want it.

The barn of W. E. Lively, 709  
Ninth street north, was burned to  
the ground at two o'clock this morn-  
ing. The insurance on the structure  
was \$50, a sum which Mr. Lively  
says would hardly pay for cleaning  
up the debris. The origin of the fire  
is unknown. When seen, the upper  
floor was entirely ablaze. The fire  
department confined the blaze and  
kept it away from the residence of  
John Vanderwerker, which at one  
time was in serious danger. With-  
in the barn was a lot of hay and  
windmill tools and they were de-  
stroyed.

### ESDON ETCHINGS

Oscar Hammett has changed the  
looks of his team by trading off his  
black horse.

Rev. Smith held services in the Es-  
don school house last Sunday. There  
was quite a good attendance.

Wattensmith and Wunderlich are  
doing up the threshing in this neigh-  
borhood. Oats turn out pretty good,  
rye not so bad and wheat is poor.

A certain young fellow in this  
neighborhood, who spend a good deal  
of his time in Brainerd, had the mis-  
fortune to lose the nether garments  
to his best suit as he was bringing it  
home from Brainerd Saturday eve-  
ning. Sunday morning he started out  
on a wheel in search of his lost  
property and on Monday was seen re-  
turning wearing the whole suit, so he  
must have been successful in his  
search.

Raymond Crowell, who has been  
working for John Hammett, left last  
Tuesday.

Nearly all the voters in this neigh-  
borhood attended the primaries held  
at the Hunt place Tuesday.

Mr. Fleming was at Judd Dyes  
last week putting in rye.

### The Poppy

The poppy throughout the east is an  
emblem of death. In many parts of  
India this flower is planted upon  
graves and in cemeteries. Whether or  
not the idea was suggested by the  
poisonous character of the juice is un-  
certain. It is believed that the poppy  
was known as a funeral plant to the  
ancient Egyptians, for upon the tombs  
opened by Belzoni there appeared rep-  
resentations of plants which were evi-  
dently intended for poppies.

## COUNTY PRIMARY ELECTION RETURNS

Eberhart Has Big Lead for Governor, Nelson for Senator and Eddy for Congressman-at-Large

## COUNTY ATTY. IS CLOSE RACE

Ole Erickson is Beaten for Sheriff and Auditor Smart Gets a Renomination

The election returns from the primaries held yesterday are extremely slow in coming in, but enough have been received to practically determine who has been nominated for the various offices. In the city the third and fourth wards have not yet finished counting, but the republican ballots are counted and the figures on these offices are available. For governor Eberhart will carry the county by a good plurality. In the city he has 398 votes to 168 for Lee, 124 for Young, 107 for Spooner, 41 for Gordon and 39 for Falk.

For United States senator Senator Nelson leads by 458 to 290 for Peterson.

For congressman-at-large Eddy received 249 votes, Manahan 159, Eustis 92, Thorpe 97, Dehnel 157.

For the legislature the vote in the city was as follows: 1st class, Bonck 412, Tedford 194, Young 157, 2nd class, Brown 389, Lyons 296.

The contest for auditor in the city was fairly close, Smart receiving 612 votes to 435 for Mahlum. In the county as far as heard from Mr. Smart is greatly adding to his lead and is nominated beyond question.

The contest for sheriff resulted in the re-nomination of Sheriff Reid over his old time opponent, Ole Erickson, Mr. Reid receiving in the city 663 votes to Mr. Erickson's 266, and the outside precincts will slightly increase his lead.

The only other contest was for county attorney and it is a close race between S. F. Alderman and G. S. Swanson for the nomination. The vote in the city for county attorney is Alderman 375, Swanson 349, Bane 131 and Polk 80, giving Mr. Alderman a plurality of 26. The precincts so far heard from outside of the city reverse the figures, giving Swanson 411 votes to 398 for Mr. Alderman. No candidates will have a majority and second choice votes will have to be used to determine the result.

Throughout the county the second choice feature did not seem to appeal to the voters, probably not over 10 per cent voting second choice.

## The Legislative Ticket

Word from Morrison county is to the effect that it is an even contest between Brown and Tedford in class two for the legislature. In this county so far as heard from Brown has 458 to 328 for Lyon, which will probably be increased to four or five hundred. Bouck in his county leads his opponents by 300 at present, which will be doubled when the returns are in. This insures the renomination of Brown and Bouck.

## CHANGES IN ATLANTIC FLEET.

Rear Admiral Badger Will Take Command in January.

When Rear Admiral Charles J. Badger takes command of the Atlantic fleet next January in succession to Rear Admiral Hugo Osterhaus nine changes among the fleet captains will become effective. These changes will be announced later by the navy department.

Rear Admiral Osterhaus, who relinquishes command of the fleet to become a member of the general board, has served about eighteen months as commander in chief and will have about six months more of active service in Washington after his relief before he retires next June.

The Dreadnought Wyoming, a brand new ship, will fly Rear Admiral Badger's flag in place of the Connecticut, which has been the flagship of several fleet commanders. The change in commanders, which will take place after the sailors have had their holiday ashore, will precede the departure of the big ships for the southern cruise and the beginning of the midwinter drills in the Caribbean.

## PETERSON RUNNING NELSON CLOSE RACE

Special to Dispatch:—

St. Paul, Minn., Sept. 18, 1912—Eberhart carried Ramsey county by a majority of 2,552 over all competitors. On estimate incomplete returns vote for governor on republican ticket is as follows: Eberhart 55,000, Young 22,500, Lee 18,000, Gordon 1,100, Spooner 600, Falk 3,500. Late returns indicate James A. Peterson as running Senator Knute Nelson a close race over state. In 113 precincts in Ramsey county Peterson ran only 300 behind. His managers claiming Hennepin county and nomination.

## EARLY PREDICTIONS ON ELECTION

Special to Dispatch:—

St. Paul, Minn., Sept. 18, 1912—Returns to 7 A. M. shows Eberhart far in lead for republican nomination for governor, although he will not have majority over combined vote of other candidates. Young is running second. Nelson is closely pressed by Peterson for senatorship. Burnquist leading for lieutenant governor. Other republican state officials renominated. Manhan probably nominee for congressman-at-large, present incumbent winning in various districts. Ringdale far in lead for democratic nomination for governor.

## CHANGE IN FIRM

## BULL MOOSE EASY TO RIDE.

W. S. Carpenter Says So, Proving It by Photographs.

Riding a wild bull moose is a sport just discovered by Warwick Stevens Carpenter, a magazine writer, who has just returned to the United States after "roughing it" for several months in the Canadian woods, and he thinks the new sport is particularly appropriate just now. Mr. Carpenter has several photographs showing how a wild moose can be ridden with little or no danger by a person who knows how to swim.

"With a guide," said Mr. Carpenter, "I was crossing Sturgeon lake, which is on the Minnesota border line. A big bull moose was swimming ahead of us, and the guide paddled the canoe alongside the animal. Suddenly he handed me the paddle, and I was surprised to see him step out of the canoe on to the moose's back. Deftly grabbing the antlers, he straddled the animal's back and before I knew it was fast pulling away from the canoe.

"The moose at first merely swam faster; then it tried to shake off its rider by diving, but was unsuccessful. Finally the guide swam back to the canoe, and the moose reached the shore and disappeared in the woods."

## GEMMELL ATTENDS HILL BANQUET

General Manager of M. & L., a Guest at the St. Paul Banquet on Monday Evening

## OVER 1,200 PEOPLE PRESENT

Event of Evening Was Presentation of Loving Cup and Mr. Hill's Speech

W. H. Gemmell returned from St. Paul yesterday afternoon. While there he attended the banquet Monday night given James J. Hill on the occasion of his 74th birthday. He states it was a notable and impressive affair.

Over 1,200 people were comfortably seated and well and quickly served and soon ready to listen to the speaking. The auditorium was beautifully decorated; there was fine music, both instrumental and vocal, including the Scottish bag-pipes which seemed to greatly please everybody, and moving pictures of Great Northern scenic and scenery.

The event of the evening was of course the presentation of a loving cup by W. B. Dean, an old time friend and business associate of 50 years' duration and Mr. Hill's speech. He was in excellent health and spirits and gave a sound and interesting talk on what Minnesota should do to develop its resources.

The people of St. Paul, in honoring Mr. Hill as they did in so splendid a manner, honored themselves and showed that after all it is better, as Governor Eberhart stated, to pay these tributes of appreciation and esteem to a man while he is still living, rather than when he has gone to his last rest.

## PEQUOT COUNTY FAIR

Minnesota & International Preparing For Crowds to Visit Crow Wing County Fair

The Minnesota & International railway has made special preparations for the coming Crow Wing county fair at Pequot, which will be held September 18, 19 and 20.

An extra coach will be attached to the Friday afternoon passenger train at 2:30. Good connections returning can be made with a freight train which will be held until six o'clock that evening at Pequot.

Many people of Brainerd and vicinity are planning on visiting the county fair and this arrangement on the part of the Minnesota & International railway will give everyone a good opportunity to see the fair and lose no time waiting for trains.

## PASSES NOT FAVORED

Collier's Expresses Viewpoint of All Fans Who Saw Dretchko Deliberately Walk Leahy

In the Royaltown-Brainerd game played here, Dretchko, as will be remembered by every fan, deliberately passed Leahy by throwing four balls wide of the plate.

Now Leahy is some batter. It was the critical moment of the game. One heavy swat of Leahy's would have tied the score. But Dretchko walked Leahy and Ed Rogers, the next and last man to bat, popped up an easy fly which found a resting place in Dretchko's mitt. No one can place a legal kick against this practice. The rules of the game allow passing. But it detracts from the interest of the game, considered in the light of true sport. The situation is aptly sized up like this by Colliers:

"While the baseball interest is at its height, let us insert another plea for changing the rules so as to make impossible the intentional passing of a batter, at least unless it is done with such skill as to leave the umpire doubtful. Speaking of our former editorial on this subject, the New York Evening Mail says: 'Nineteen fans out of every nineteen will agree with him (the editor of Collier's) in this suggestion.'

"The greatest moment of battle—the most appealing and the most thrilling—arises when the star batsman comes up at a critical juncture with runners in front awaiting for the crack of his trusty club. Nothing else so grips and holds the audience, and the anti climax which arrives as the pitcher deliberately tosses high and wide from the plate takes away the one big incident of the afternoon. Such a rule would be fair to all clubs—far more pleasing to all spectators—and in addition is easily planned.

"One of the best known umpires of the game states that it would be a simple matter to detect any deliberate attempt at issuing a pass and that the most effective punishment would be to call a balk, advancing the runners one base."

"Whatever they decide," says the Daily Missoulian, "the big league should at least discuss the change. It is not fair to the hundred of thousands of fans to deprive them of heavy hitting in crises, the most exciting single aspect of the game."

With such a balk rule as mentioned in effect, Dretchko could not have passed Leahy and there might have been a different story to tell of that game.

## STORIES OF THE TOWN

The Cruel Practice Act—The Spring Styles for September—The Funny Order Book

Any amount of unconscious humor is afloat in Brainerd if one only knows the places where it is manufactured. In business life especially many funny things are encountered.

A merchant of Brainerd had a customer write for samples of goods of the latest spring styles for September. George R. West always refers to the corrupt practice act as the "cruel" practice act, which forbids the candidate buying cigars or drinks.

At the water and light board offices in the Imperial block is prominently displayed a campaign picture of E. E. Lobeck, the prohibition candidate for governor.

The star collection of jokes is that owned by Col. C. D. Johnson who in his career as a druggist has collected many of the funny orders sent for drugs. Here are some of them:

"Please give this boy a bottle of Gama-caka Ginger." The practiced eye of a druggist readily sees that this means Jamaica ginger.

"Please give me 5 cents worth of nighter."

"10c worth of Gumeribaca."

"5 cents worth of insect powder and 5 cents worth of terpenine."

"Glicerion."

"10c worth of Jodide of Potosma."

"Syndallia."

"100 hors bits titis and 5c cene leaves 50c balsam, \$155," meaning, of course, horse bitters, senna, leaves and balsam.

"For five cent worm seed."

"1 o Dine."

"4 ounces of Glicerine, 4 ounces of Bay Rum, 5 drops of carbolick asit."

"Dr. Pers fayer pear scrapain," meaning Dr. Pearce's favorite prescription.

"Chemberlands Coff Cure."

"Siven Bars Wiser oilja."

"Piso Cougr Meidin," meaning Piso's cough cure.

"Ode Perry Govlette," meaning paregoric.

"1/2 tespon full Nokvamity 15c, Tencer lern 15c one Tesponfull," meaning nux vomica and tincture of iron, very simple.

"Asid of fitted," meaning asafetida.

"Alk Choole 50 cts, Brandany 100 Dollar."

"Pulverised phunny stone."

"Send me one sack of flour, 5 pounds of coffee and one pound of tea, my wife gave birth to a big baby boy last night, also one pound of corn starch, a screw driver and a fly-trap. It weighed 10 pounds and a straw hat."

## Deafness Cannot be Cured

We will give One Hundred Dollars for any case of Deafness (caused by any cause of Deafness) as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or impaired hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. That cannot be cured by Hall's Catarrh Cure. Send for circulars, free. P. J. CHENEY & CO., Toledo, O. Sold by druggists, 75c. Take Hall's Family Pills for constipation.

## MICHAEL'S FALL OPENING

Latest Shades in Charmeuse, Newest Coats, Suits and Dress Goods Shown

A visit at the H. F. Michael Co. store is a treat to the woman who loves pretty things, who wishes to know what the leading fall styles are and the display made by this enterprising store compares favorably with that of many establishments in the larger cities.

In the effects gained by his window dressing Mr. G. A. Beale has been particularly artistic. No more beautiful window can be seen in the city than the one devoted to an exposition of the new fall shades of charmeuse. The first figure is a display of gold charmeuse with a pannier drape, brocade girdle and gold all over waist with hat to match. The second shows ivory charmeuse, with a bodice of white and gold, gold all over waist and a hat to match. The waist and bodice material design match the trimming of the hat. The hat is a velour with golden trimming and natural ostrich fancy. Both gown designs are for evening attire.

Throughout this window are also examples of the latest creations in fall millinery. Miss Alice E. Scott, of Portland, Ore., who has charge of this department, is proud of the attractive showing made. There are hats to suit the most fastidious. Especially elegant and refined is the hat with the tan plush top, black cut velvet facing and French plumes. Another fall millinery conception is a low tamm velvet trimmed with beaded silver net edge.

The other window within the corridor at the entrance of the store is a display of coats, whose brown shades prove a foil to the pretty green and gold background. There are also shown silk serges. The coats are of full length of boucle mixtures in tans and browns.

The blue window to the left of the front entrance shows ladies suits in blue chevrons and diagonals, fancy mixtures. The window to its right displays other examples of fall dress goods.

Within the store there has been carried out the idea of decorations in harmony with the fall season and pumpkins and snocks of corn and autumn leaves are given vantage points among the dress goods and other departments. The soft air of Indian summer, with its beautiful, hazy tones and colors, is created by the juxtaposition of the natural tributes of fall and the work of skillful hands and artistic looms.

A visit to the H. F. Michael Co. store will amply repay one, and especially the ladies, in whom the love for the beautiful predominates. Their critical eyes will be pleased.

## CLEANSE YOUR LIVER AND BOWELS WITH DELICIOUS "SYRUP OF FIGS"

Removes the Sour Bile, Gases and Clogged-up Waste Without Gripe or Nausea. No headache, indigestion, Constipation, Biliousness or Coated Tongue

Foul breath, coated tongue, dull, throbbing headache, stomach sour and full of gases, indigestion, biliousness and a sallow complexion, mean that your thirty feet of bowels are clogged with waste matter; that these drainage organs of the body are obstructed; liver stagnant and stomach full of poisonous gases, sour bile and undigested, fermenting food not properly carried off.

Most of our ills are caused by constipated bowels. We all need a laxative sometimes; nobody can doubt that. The only question is, which one is the best? and that isn't a question any more. Syrup of Figs, being composed entirely of luscious figs, senna and aromatics, must act in a harmless, gentle and natural way. Syrup of Figs can be constantly used without injury. Its action is the action of fruit—of eating coarse food—of taking exercise. It is a true and effective liver and bowel cleanser and regulator.

Most folks dread physic—they shrink from the taste and after effects. Syrup of Figs is delicious, and besides, you don't realize you have taken anything until morning, when all the clogged up waste of the system is gently but thoroughly moved on and out of the bowels without gripping or weakness. Ask your druggist for the full name "Syrup of Figs and Elixir of Senna." This is the old reliable and only genuine. Refuse, with contempt, any other Fig Syrup recommended as good. They are imitations meant to deceive you. Read the label carefully and look for the name California Fig Syrup Company.

### A PREHISTORIC MANSION.

New York Expedition Finds Seventy-two Room House in New Mexico. A remarkable archaeological discovery is reported from Stanley, N. M.

An exploring expedition headed by N. C. Nelson, representing the American Museum of Natural History of New York city, has unearthed a stone building of seventy-two rooms. In the rooms were found a large collection of human skeletons, pottery and other relics which may throw new light upon the prehistoric civilization of the southwest.

A short distance from this building a big stone dam and other evidences of a large system of irrigation were uncovered.

### Canal Zone Population.

The isthmian canal commission publishes in its canal record the results of the Panama canal zone census, which was concluded on March 31. The total number of people is 62,810, not including 5,083 canal employees residing in Panama and 3,789 in Colon. Gatun, with 8,887 inhabitants, is shown to be the largest settlement; Empire second, with 7,352; Cristobal, 3,584; Gorgona, 3,444, and Paraiso, 2,339. With the early completion of the canal this population will be greatly reduced.

### FACT

#### Local Evidence

Evidence that can be verified. Fact is what we want. Opinion is not enough. Opinions differ. Here's a Brainerd fact. You can test it. Charles Ellison, 512 S. Quince St., Brainerd, Minn., says: "My kidneys were disordered for several years and as time passed, my condition grew worse. About a year ago I was suddenly taken with such severe pain in the small of my back that I had to stop work and go to bed. Medicine relieved me somewhat and I got out in a few weeks, but I still suffered severely. Someone finally advised me to try Doan's Kidney Pills and I procured a box from a local druggist. The contents of a few boxes restored me to good health and corrected all the symptoms of my complaint. I am confident that Doan's Kidney Pills will act just as satisfactorily in other cases of kidney trouble." (Statement given September 1, 1908)

#### RE-ENDORSEMENT

At a later date Mr. Ellison said: "The public statement I gave in favor of Doan's Kidney Pills over two years ago still holds good. I know that this remedy is good for kidney trouble."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

# Home Comfort Assured by Using Cole's Original Hot Blast

It means comfort and health for you and your family to have comfortable living rooms—  
We want to sell you one of these truly marvelous heaters—  
We know it will give you more home comfort for the money you spend for fuel than you have ever had before—

The same comfort you would get from the most costly Hot Water or Steam Heating Plant you could buy. And besides—**Cole's Hot Blast Heater** is better because you can regulate it perfectly—

**Cole's Hot Blast Heater** gives a steady even heat day and night using for fuel the cheapest grades of soft coal. It is as clean as the highest priced Hard Coal Heater and costs you less than half the money—costs less than half to operate throughout the winter because your fuel bill will be cut in two. Surely this is the Heater you want and will have this winter.

This Original Hot Blast Stove has patented features which insure an everlasting air-tight and gas-tight construction. No leaky stove will hold fire—remember that.

Cole's Patented Hot Blast Draft insures perfect burning of the gases in coal which makes this heater the greatest fuel saver ever known. Soft coal is half gas and is wasted with other stoves.

We are authorized by the Cole Manufacturing Co. to sell this heater on the most rigid guarantee ever made by any stove manufacturer. **The Remarkable Guarantee is—**

- "1—A saving of one-third in fuel over any lower draft stove of the same size, with soft coal, slack or lignite.
- "2—That Cole's Hot Blast will use less hard coal for heating a given space than any base burner made with the same size fire pot.
- "3—That the rooms can be heated from one to two hours each morning with the soft coal or hard coal put in the stove the evening before.
- "4—That the stove will hold fire with soft coal from Saturday night until Monday morning.

- "5—A uniform heat day and night, with soft coal, hard coal or lignite.
- "6—That every stove will remain absolutely air-tight as long as used.
- "7—That the feed-door is and will remain smoke and dust-proof.
- "8—That the Anti-Puffing Draft will prevent puffing.

"All we ask is that the stove shall be operated according to directions and connected with a good flue."

"(Signed) COLE MANUFACTURING CO., Not Inc."

(Makers of the Original Patented Hot Blast Stove.)

Think what this economy of fuel means to you. Think of the comfort—no kindling or rebuilding of the fire in the morning. Simply open the draft. You live in an even temperature which means health to your family. Uneven temperature means colds or worse.

Burns any kind of fuel—Soft Coal, Hard Coal, Slack, Lignite or Wood.

Over 60,000 of Cole's Hot Blast Heaters sold during the year of 1909.
